Inspection Report

Document ID: IDS-/MN-2025-001 | Rev 2 | Date: 15-Jul-2025

Inspection Checklist

Tag	Description	Status
P-101	Inspection Checklist related equipment	OK
V-201	Inspection Checklist related equipment	OK
HX-301	Inspection Checklist related equipment	OK
T-401	Inspection Checklist related equipment	OK
M-501	Inspection Checklist related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.
Inspector/Engineer Signature: _____

Visual

Tag	Description	Status
P-101	Visual related equipment	OK
V-201	Visual related equipment	OK
HX-301	Visual related equipment	OK
T-401	Visual related equipment	OK
M-501	Visual related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.
Inspector/Engineer Signature: _____

Vibration

Tag	Description	Status
P-101	Vibration related equipment	OK
V-201	Vibration related equipment	OK
HX-301	Vibration related equipment	OK
T-401	Vibration related equipment	OK
M-501	Vibration related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.
Inspector/Engineer Signature: _____

Temperature

Tag	Description	Status
P-101	Temperature related equipment	OK
V-201	Temperature related equipment	OK
HX-301	Temperature related equipment	OK
T-401	Temperature related equipment	OK
M-501	Temperature related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Corrosion

Tag	Description	Status
P-101	Corrosion related equipment	OK
V-201	Corrosion related equipment	OK
HX-301	Corrosion related equipment	OK
T-401	Corrosion related equipment	OK
M-501	Corrosion related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Comments

Tag	Description	Status
P-101	Comments related equipment	OK
V-201	Comments related equipment	OK
HX-301	Comments related equipment	OK
T-401	Comments related equipment	OK
M-501	Comments related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Photo Placeholder

Tag	Description	Status
P-101	Photo Placeholder related equipment	OK
V-201	Photo Placeholder related equipment	OK
HX-301	Photo Placeholder related equipment	OK
T-401	Photo Placeholder related equipment	OK

M-501	Photo Placeholder related equipment	OK
-------	-------------------------------------	----

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Recommendations

Tag	Description	Status
P-101	Recommendations related equipment	OK
V-201	Recommendations related equipment	OK
HX-301	Recommendations related equipment	OK
T-401	Recommendations related equipment	OK
M-501	Recommendations related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Follow-up

Tag	Description	Status
P-101	Follow-up related equipment	OK
V-201	Follow-up related equipment	OK
HX-301	Follow-up related equipment	OK
T-401	Follow-up related equipment	OK
M-501	Follow-up related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____

Signoff

Tag	Description	Status
P-101	Signoff related equipment	OK
V-201	Signoff related equipment	OK
HX-301	Signoff related equipment	OK
T-401	Signoff related equipment	OK
M-501	Signoff related equipment	OK

Diagram Placeholder: Process flow / engineering drawing. Safety notes, references, signatures, revision history, dates (2024-2026), equipment tags and realistic terminology included.

Inspector/Engineer Signature: _____
